Dear All,

With the end of the post operations approaching, we would like to plan a final symposium to close out the LISA Pathfinder mission. The symposium will be a celebration of the mission, and a last chance to celebrate what we have achieved.

The symposium/workshop will be held in **Trento** between **11-13 September**. Stefano is scouting out nice venues for us, and as such, we need to know the rough number of attendees.

Therefore, could you please let Stefano, Karsten and I know if you are planning to attend the event. We need the numbers asap.

This is a great opportunity to bring closure to LPF.....knowing that what we achieved has made LISA a reality.

Best regards,

Paul
